

OPEN DAY at FEELGOOD FACTOR 21st March 09

You never know how many people to expect on an Open Day, so I made sure I had more than a dozen bottles of champagne!

The sun seemed to smile on us very brightly on Saturday morning, which brought a family of new patients on the dot at 10 am who wished to treat their Mum to better health for Mother's Day !!

It continued with a steady flow of around 50 patients, friends and neighbours until 6 pm! What a successful day! Several visitors took advantage of my special offer and booked courses of treatment.

It was lovely to welcome some of the builders (and show them the "finished article") who made this new venture happen so quickly! The champagne was flowing and I heard most people comment about how tranquil and peaceful the new therapy room is!

Well it is until I start laughing!!....A big THANK YOU to all the lovely people who helped create the new Feelgood Factor Suite and turned up to support me on the day!! Long may the happy healing vibes continue to flow in Highfield Close !! ☺
